Allowable Subject Matter

1. Claims 1-18 allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 8, the applicants have presented persuasive arguments, see pages 5-6 of the remarks filed on 9/10/2007 that the cited reference of Chen fails to disclose, teach, or suggest, "selectively removing at least a majority of the spacer layer." because Chen teaches away from doing so because since "Chen discloses a method for preventing corrosion of internconnects", the removal of layer 3/claimed spacer layer in Chen might further expose to corrosion the "contact openings" (col 3, lines 51-52) within layer 3, which would vitiate the purpose of the method disclosed in Chen

The reason for allowance of claim 15 has been stated in the previous office action
